Global Convention on Climate Change 30 May – 01 June 2008, Palampur (HP) India

I have great pleasure in inviting you to the Global Convention on Climate Change being held from 30 May to 1 June 2008 at S M Convention Centre, Palampur in Himachal Pradesh (India).

The theme of the Convention is "Delivering a Holistic Response to Climate Change".

The Convention is being jointly organized by the World Council for Corporate Governance, World Environment Foundation and Institute of Directors.

The Golden Peacock Awards for Environment, Climate Change, Eco-Innovation, Occupational Health & Safety and Leadership will also be presented during the convention.

This Convention offers you an opportunity to mutually share experiences of global companies in Clean Development Mechanism, Carbon Trading, Carbon emission, reduction/Offsetting thus combating climate change not at cost, but profit. The Convention also provides an unparalleled opportunity for networking with movers & shakers of India's corporate world. Overseas organizations specially benefits from mingling with Indian government, ministers and policy makers to explore and cement collaborations in the world's fastest growing economy.

I look forward to seeing you at the congress

Ola Ullsten
former Prime Minister of Sweden &
Chairman World Council for Corporate Governance

CONGRESS OBJECTIVES

- Implementing holistic approach for combating climate change, through 'PROACTIVATE'.
- Sharing experience of leading companies in adopting low carbon, low waste & low energy technologies
- Moving economy from consumerist and acquisitional to experiential trajectory
- Exploration of climate change strategies as catalytic to economic growth and social change.
- Recognising industry who have executed low carbon low energy & low natural technologies

CONVENTION TOPICS

- Pricing natural capital in balance sheets
- Factoring environmental impact in asset pricing
- Radically increasing energy efficiency
- Innovating alternative technologies-desalination technologies, organic farming, precision farming, and genetically modified food.
- Opting for low intensity life styles.
- Minimizing material intensity
- Minimizing energy intensity
- Minimizing transportation
- Adopting zero waste and closed loop system
- Carbon sequestration, emission reduction & offsetting
- Reforestation & renewable technologies - solar, wind, hydel and tidal energy
- Measuring, reporting and labeling emission
- Innovating service based business models

- Market mechanism to combat climate change
- CDM & Carbon trading
- Taxing carbon emission and environmental consumption
- Raising taxes on pollutant energy
- Activating women & children to drive change

Speaker guidelines are available on website www.wef.org.uk. The last date for submission of full technical papers by e-mail 30th April 2008.

MARKETING OPTIONS

Marketing options offer a unique opportunity to project your company's commitment. The event will be attended/visited by eminent environmentalists, spiritualists and opinion leaders from India and abroad. Here is your chance to advertise your products for environment protection and create awareness about commitment to environment and build your company's brand image.

WRITE AN ESSAY

WIN FREE ADMISSION TO THE CONVENTION WORTH £375

Write an essay on how you will combat Climate Change & E-mail to info@wef.org.uk by 30 April 2008

"Climate change poses the largest single threat to humanity and its eco-systems. The only way to fight it is by executing a 180° change in our growth model."

Dr Madhav Mehra
President, World Environment Foundation, UK

ENVIOMART & CARBON BAZAR

The international enviomart & carbon bazar, which will run concurrently with WCEM 2008 and will present an excellent opportunity to network with a highly targeted audience. The participants in the carbon bazar will include corporates whose projects on offsetting carbon emissions have been registered with UNFCC & major actors from the developed countries and the funding agencies. This is unique feature of the Global Convention.

- Adventure Sports: • Para Gliding • Rock Climbing • Trekking
- Himachal Foods & Handicrafts

ABOUT THE HOST ORGANIZATION

World Environment Foundation (WEF) is one of the leading non-profit, non-governmental organization solely dedicated to the improvement of the environment and sustainable development. It was established in the UK in 1997 as a charity, registered by charities commission. WEF has been among the forerunners in leading the global environmental movement. It has set up several initiatives like PEACE, PIAS, PROACTIVATE, the theme of this congress is an eleven point model that was developed in June 2006. A global human chain to communicate it worldwide was also launched in June 2006. It organised its first international conference on environment management in Delhi in June 1999.
